STUDY TOURS TO CUBA

See the real Cuba for yourself away from the tourist trail.

CSC organises regular study tours to Cuba covering all aspects of Cuban society and its revolutionary history.

You can meet Cubans in their homes and workplaces, make contact with your sister unions and find out more about the country's health and education system through visits to schools, hospitals, polyclinics, and family doctors. Plus enjoy the islands revolutionary history and culture and the wonderful and vibrant capital city of Havana.

Contact CSC to find out about forthcoming tours. CSC can also arrange bespoke tours for union groups of 10 which can focus on your areas of interest and links to your sister unions.

Please call 020 8800 0155 for details.
