Dear Challenger

**Music Fund For Cuba  
CYCLE CUBA CHALLENGE  
27 April – 09 May 2011**

Thank you for your recent enquiry about Cuba Solidarity Campaign's unique and exciting **Cycle Cuba Challenge 2011**. All proceeds will go to the **Music Fund for Cuba** ([www.musicfundforcuba.org.uk](http://www.musicfundforcuba.org.uk)), a registered charity (Reg 1096283) supported by the Cuba Solidarity Campaign and first established in memory of Kirsty MacColl in 2001. Monies raised will go towards purchasing essential educational equipment for young visually impaired Cuban school children. Many essential items are in short supply. The cycle group will deliver aid directly to a school for visually impaired children in Havana where we will be guaranteed a rousing reception from the school salsa band.

We have run an annual sponsored cycle challenge in Cuba since 1999. Many intrepid challengers have taken part in these events and successfully raised funds for vital educational and medical aid projects in Cuba, including over 20,000 asthma inhalers and 50,000 contact lenses to a children's hospital, specialist Braille printers, musical equipment and speaking watches to a school for visually impaired children.

**Cycle Cuba Challenge** runs 345 kilometres from Sancti Spiritus, one of Cuba's 7 original Spanish towns, to Remedios, on the rugged Atlantic coast. The route passes through Trinidad, Cuba's best preserved colonial town and a UNESCO World Heritage site, where we have received a special invitation to take part in the inspiring May Day Rally, dips and falls alongside the turquoise blue Caribbean to Lake Hanabanilla, high in the Escambray Mountains and onto Santa Clara, site of Che Guevara's evocative mausoleum and historic victory against Batista's troop train. The route passes through dramatic scenery and along quiet rural roads away from the usual tourist trails, with opportunities to experience vibrant Cuban culture at first hand. From the finishing line we return to Havana, the salsa capital of the world, for further exploration of this fascinating capital city and to celebrate a wonderful group achievement with our famous celebratory meal at an authentic Cuban restaurant.

To be part of **Cycle Cuba Challenge** simply complete the enclosed registration forms and return them with your registration fee of £199. You will then need to raise the minimum sponsorship entry level of £2,450. We will give you plenty of fundraising tips and we're only a phone call away if you need any help.

**\*\*\* 2 people booking together can register for only £99 per person \*\*\***

Go on, grab the experience of a lifetime and register today. When you are cycling through a beautiful rural Cuban landscape by day and dancing to an intoxicating salsa rhythm by night you won't regret it. **Cycle Cuba Challenge** is a great way to be involved in delivering essential educational equipment direct to young visually impaired Cuban school children.

The tour costs include return flights with Virgin Atlantic from London Gatwick direct to Havana, UK Departure Tax, 11-night's accommodation based on two people sharing twin rooms with en suite facilities, entrance to all visits and excursions (other than those marked as optional) and all meals listed in the itinerary. ## **CYCLE CUBA CHALLENGE 2011 ITINERARY**

### **TRIP PROFILE**

A fully supported point-to-point road tour in the central provinces of the island. The total cycling distance is approximately 345 kilometres over 5 days. The average distance per cycling day is 69 km and the longest day is 89 km. The route is classified as moderate to challenging. The terrain ranges from undulating to hilly with several steep and demanding climbs and downhill descents. Though many roads are in fair condition you should expect lots of potholes and poor surface conditions on some sections. The roads are tarmac and generally free of heavy traffic. It is suitable for recreational riders and above, or fit and confident novices who are comfortable on a bike. Mid-level fitness is required, for example running, cycling or swimming 2-3 times a week. Cuba is hot and humid, with average national temperatures of 28°C in April/May.

**There is vehicle support at all times, enabling you to take a lift at any point if you get tired.**

You cycle at your own pace and together with the programmed cultural visits you will gain an insight into present day Cuban society not available to many tourists. Cuba is the largest island in the Caribbean. It has a diverse and fascinating culture. There is an irresistible blend of dramatic scenery, vibrant colours of a lush tropical landscape and stunning colonial architecture. The images and symbols of the Cuban Revolution mix with left over icons of American 50's culture. Buicks and Chevrolets, with gleaming chrome and extravagant fins, cruise the streets redolent of an earlier era. An impressive health care system, posters of revolutionary figures and a wealth of rural schools with happy children in their bright reds and whites illustrate more recent events. Imagine fading pastel coloured colonial facades, the infectious laughter of school children and an unstoppable salsa beat playing on the warm breeze and you have the sights, sounds and rhythms of Cuba.

We are guaranteed a rousing reception and gifted musical performance from the school salsa band. Meal Plan: Breakfast and lunch.

**29 April. Sancti Spíritus.** Transfer to Sancti Spíritus, one of Cuba's original Spanish towns with a wealth of lavish colonial buildings and the intriguing Yayabo Bridge. Test ride bikes. In the evening we have an invitation to attend an informal meeting with the Committee for the Defence of the Revolution (CDR) with local families, from grandparents to grandchildren. After welcoming speeches, we will have the opportunity to chat with local families and gain

a valuable insight into present day Cuban society and take our first tentative salsa steps. Meal Plan: Breakfast, pack lunch and dinner.

**30 April. Sancti Spiritus to Trinidad. 89km.** The first day's cycling includes some steep climbs along the Sierra del Guamuhaya. The landscape is dotted with tall majestic royal palms and *Tiñosas*, turkey vultures, soaring overhead on the thermal currents. At the lunch stop, we have the optional opportunity to climb the 44-metre high Manaca-Iznaga Tower in Sugar Mill Valley. Meal Plan: Breakfast, pack lunch and dinner.

**01 May. May Day Rally, Trinidad.** The group has a special invitation to join thousands of Cubans taking part in May Day celebrations, one of the most important events in the Cuban political calendar. A truly inspiring event. In the evening there is an optional visit to Casa de la Música, a traditional Cuban music venue, to listen to those intoxicating salsa rhythms and add some new steps to our rapidly expanding repertoire. Meal Plan: Breakfast, lunch and dinner.

**02 May. Playa Ancón to Guajimico. 56km.** We visit a Policlínico, a local health care centre, and see first hand some of Cuba's many achievements in the field of health care, and take a short tour of Trinidad's picturesque plazas, quiet inner courtyards and cobbled streets. The route continues to follow the scenic coastal road as it dips and rises through a landscape of green fields and grazing cattle. The Sierra del Escambray rises ridge upon ridge on our right hand side and the turquoise waters of the Caribbean lap the shore to our left. We pass several deserted sandy beaches where fishing boats, rustic beach huts and local fishermen's lobster pots line the water's edge. At the beach lunch stop you will have time to enjoy the ultimate hedonistic cycling experience; leaning your bike against a palm tree, take a dip in the Caribbean and enjoy a rapid spin dry back in the saddle. Meal Plan: Breakfast, pack lunch and dinner.

**03 May. Guajimico to Lake Hanabanilla. 68km.** We cycle inland passing through sweet smelling citrus groves and busy, bustling market towns of this rich agricultural region. A quintessential Cuban landscape with small *bohíos* (farmhouses) and *guajiros* (farmers) tending their fields with ox drawn ploughs. There is ample opportunity to sample local homemade Cuban foods and drinks at roadside stalls including *guarapa* (sugar cane juice), a natural energy booster. You will not be able to get enough into your bike bottle; so drink up before moving on. One final demanding climb takes us up to Lake Hanabanilla. Meal Plan: Breakfast, pack lunch and dinner.

**04 May. Hanabanilla to Santa Clara. 54km.** We cross by ferry to our starting point deep in the Escambray Mountains. The terrain is hilly as we climb through the thickly forested National Park. Passing through an area of coffee plantations we take a final steep descent into the historic city of Santa Clara, where the legendary Che Guevara victoriously intercepted a government troop train in 1958 and heralded an end to the dictator Batista. We visit the dramatic and evocative bronze statue of Che Guevara, which dominates the Plaza de la Revolución and visit Che's revered mausoleum. Meal Plan: Breakfast, pack lunch and dinner.

**05 May. Santa Clara to Remedios. 78km.** The last day's cycling follows an undulating terrain. Our first stop is the site of Tren Blindado, where Che intercepted Batista's troop

train. Cycling along the single main streets of small rural villages we pass Cuban grandparents, sitting on the verandas of their wooden houses, exchanging memories. Maize dries on the pavements in the hot sun. We share the road with tractors, oxen and shy, smiling cowboys on a cattle drive. After 345 exhilarating kms we reach the finishing line at the leafy central park in laid-back Remedios. Meal Plan: Breakfast, pack lunch and dinner.

**06 May. Havana.** Early morning transfer to Havana. That evening, after 5 amazing days in the saddle, we celebrate a tremendous group achievement at an authentic Cuban restaurant and have an optional opportunity to visit to a glitzy nightclub to relax and enjoy the salsa magic of Havana. Meal Plan: Breakfast and dinner.

**07 May. Havana.** Free day for further independent exploration of this fascinating capital city. Meal Plan: Breakfast.
